Data Analyst to join Data Intelligence Department

Established in 2008, Accunia Credit Management is a data-driven asset manager specializing in investments in structured credit. Our 35 employees manage more than DKK 20 billion on behalf of institutional and private investors out of our offices in central Copenhagen.

About the Role

We are looking for a highly motivated Data Analyst to join our team. As a Data Analyst, you will play a key role in extracting, analysing, and presenting data to drive strategic decision-making across the organization. This role also involves creating and maintaining data flows as well as ensuring accurate valuation of our investment funds. This is a great opportunity for a talented individual who is either a recent graduate or has a couple of years of experience in a financial or similar industry.

Key Responsibilities

- Analyse and interpret complex datasets to generate useful tools for the organisation.
- Build, maintain, and optimize data models and dashboards using Power BI and SQL.
- Develop and automate reporting processes using Python, SQL, and Report Builder.
- Calculate Net Asset Value and other relevant key figures of our funds.
- Collaborate with cross-functional teams to identify data needs and support business initiatives.
- Ensure data integrity and quality in our data warehouse and across systems.

Qualifications

- A relevant degree in e.g. economics, finance, data science, engineering or similar.
- Proficiency in Python, SQL, VBA, Power BI, and Report Builder.
- Strong analytical and problem-solving skills with attention to detail.
- Excellent communication skills, both written and verbal, with the ability to present findings clearly.
- A proactive mindset and eagerness to learn and grow in a collaborative environment.

Preferred Experience

- 0–3 years of experience in a financial or similar industry.
- Familiarity with financial modelling, reporting, or risk analysis is an advantage.

What We Offer

- A supportive and inclusive workplace that values innovation and teamwork.
- Opportunities for professional growth and development.

Join Accunia Credit Management

If you are passionate about working with data and reporting and want to make an impact in a forward-thinking company, we would love to hear from you!

How to Apply

Submit your CV and cover letter to careers@accunia.com in a single pdf-file before 2nd of January 2025. We may call promising candidates for interviews and hire them ahead of the deadline. For further information about the position, feel free to reach out to Frederik Randrup Hansen, frederik.hansen@accunia.com.
